Next meeting	29 September 2020
---------------------	-------------------

Agenda item: 1 – Introduction

Danny reminded the group that feedback is still welcome on Tax Time 2020 as requested in the email that went out last fortnight.

Agenda item: 2 – Action item updates

Updates were provided for outstanding action items. (see [action items](#))

Agenda item: 3 – Tax Time update

The annual Services for Tax Practitioners event will be held online via webinar this year.

The software developers website has been updated with information for attendance.

Agenda item: 4 – Delivery update

Work is occurring as we move into the planning phase for the next round of EVTE releases in three to four weeks' time.

We hope to share an updated Release on a Page in coming weeks.

Agenda item: 5 – Platform update

There were no performance issues to report during the last fortnight and systems are currently stable.

The Q3 release is scheduled for 25/09/2020.

The issue impacting some services in SBR1 EVTE is still being investigated.

Agenda item: 6 – Agent online environment update

Discussions are occurring in other forums on the framework for determining which channel a service should be built in. ie: software v's Online Services for Agents and closing the gap between the two as well as prioritising the work.

There was work done in a similar vein a number of years ago and it was agreed it would be worth revisiting those outcomes.

Agenda item: 7 – DSP feedback

No items were raised for discussion. Sonia did mention upcoming consultations will be scheduled for the Client Communication co-design group and the Data Visibility working group.
