

Practitioner lodgment service

Confidence indicators, 22 January 2018

OVERVIEW

The practitioner lodgment service (PLS) is replacing the electronic lodgment service (ELS) as our main electronic lodgment channel for tax practitioners.

The PLS is now the only electronic lodgment channel to lodge 2017:

- fringe benefits tax returns
- partnership returns
- self-managed superannuation fund (SMSF) annual returns
- fund income tax returns
- trust tax returns.

Other tax return forms will transition to the PLS from:

- 1 February 2018 for company tax returns
- 1 April 2018 for individual tax returns.

Other forms, services and reports will be progressively removed from the ELS following consultation with digital service providers.

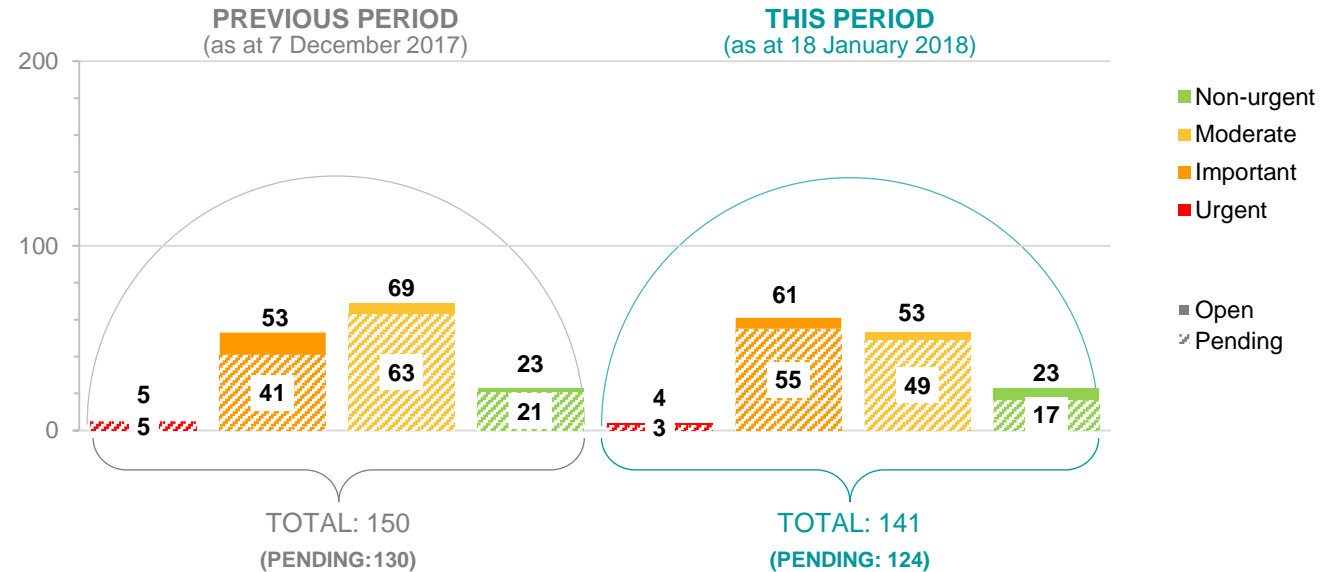

Ongoing access to the ELS as a safety net is dependent on progressing development of PLS products.

PERFORMANCE AND CAPACITY

5 sec transmission target*

For PLS SRP transmissions in SBR2 PROD1 15–21 January 2018:

- PLS SRP transmissions found to have null transmission time have been excluded from the above stats.
- SBR2 provides real-time validation when tax practitioners lodge returns (ELS only receives lodgment without validation).
- Due to real-time validation, complex PLS returns may take longer than ELS.

*Target time only. This is not a requirement of the service level agreement.

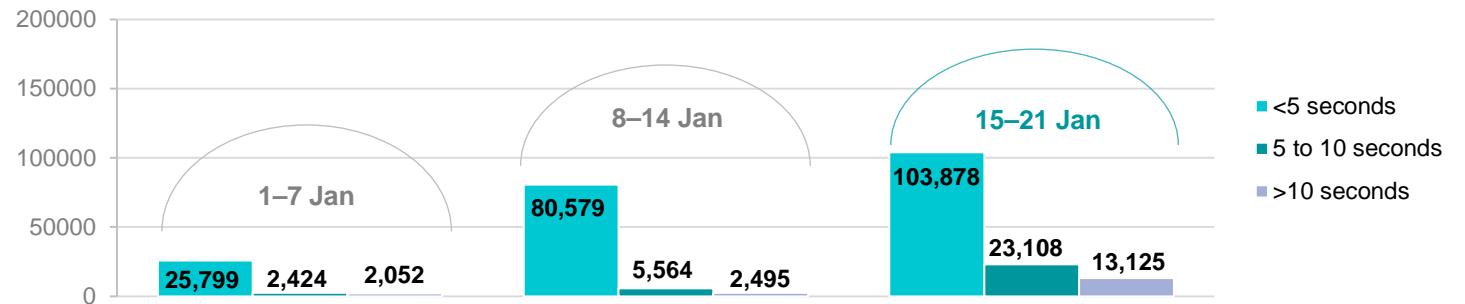

PLS SRP performance in SBR2 PROD2 Cloud 15–21 January 2018:

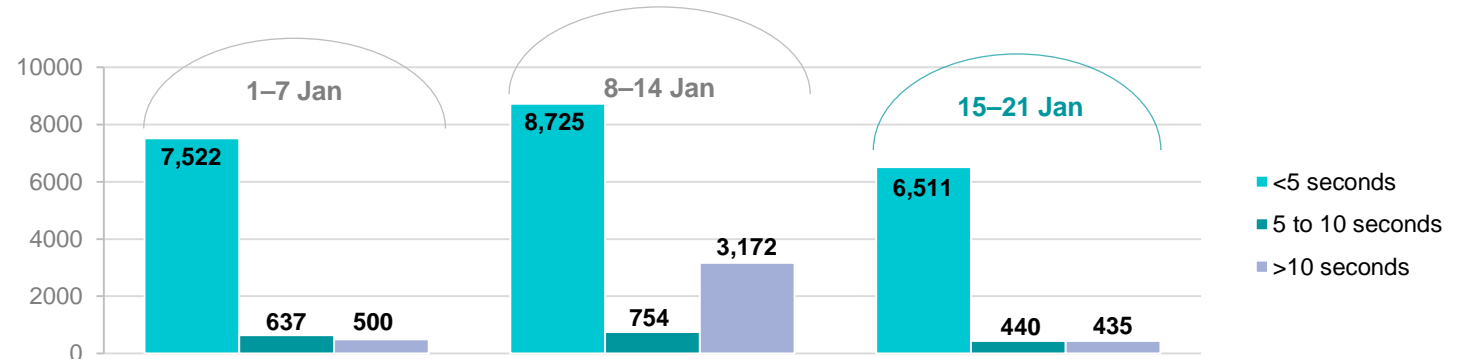

The maximum transmission time was
131.41 secs

The minimum transmission time was
